

Fellow RMHA members,

My name is Judy Brummer. I am the current President of the RMHA and a candidate for the office of President in this year's RMHA elections. Since 2002, I have enjoyed the benefits of owning a Rocky Mountain Horse and being a member of this organization. I believe that my experiences as a Rocky Mountain Horse owner, a successful small business owner, and an active RMHA member make me a great candidate for this position.

I loved to ride my horse as a child but didn't own any until I met and fell in love with a Rocky Mountain Horse. Over the past 16 years, I have enjoyed sharing the traits and gaits of the Rocky Mountain Horse with my family and my friends (and anyone else who would listen) in many places and in many different venues. The Rocky Mountain Horse is my breed of choice on the trail and in competitive events.

I became active in the RMHA to help protect and promote this breed that I love. I have served on the RMHA Nominating Committee, Genetics Committee, and Show Advisory Committee. I am an Examiner and was a Director of Examiners before I became the President of the RMHA. If elected, I will continue to dedicate myself to the responsibilities of this office, as outlined in the RMHA Bylaws and Rules. I pledge to promote the breed, to provide for the best interests of the organization, and to respond to the concerns of all members of the RMHA, wherever they may be located.

I will always be grateful to the founders of this breed and to those who have led the organization over the past 32 years. I believe we, the members of this organization who know and value this breed and love it just as it is, must work together to promote the Rocky Mountain Horse's unique, defining characteristics and to provide for the future of this breed and this organization.

I promise:

- \* to be available to all RMHA members
- \* to encourage involvement of members nationally and internationally
- \* to encourage members of the Board to consider each decision with an open mind
- \* to encourage consideration of the impact of Board decisions on all members and all Rockies

If you have questions or concerns, please contact me at [judy@emdeemountainhorses.com](mailto:judy@emdeemountainhorses.com) or 217-868-2786. Thank you for the opportunity to represent you.
