

Hello, my name is Jason Slone. I am currently serving as a Member at Large. I have been involved with Rocky Mountain horses in one way or another most of my life. I have been blessed with having the opportunity to have learned the history of our horse directly from the people who were influential in getting our association started. I feel I have always voted in ways to honor their original vision for the direction of the RMHA, while trying to incorporate new ideas and keeping up with the changes of times. Things have drastically changed for me since being elected on the RMHA board. I have since moved to West Virginia, started a new career, am getting married in April. Now my family and I are in the process of building our small farm. We have 2 young boys that I am trying to pass down the heritage and love for the RM horse. We hope to help create a larger RMHA presence here with promoting sanctioned shows, small breeding operation and introducing people to this wonderful breed. Although close to Kentucky, I was amazed at how many people here have never heard of a Rocky Mountain horse. I am hoping to try and change that.

I have enjoyed serving as a Member at Large and I hope that you will consider voting to allow me to continue serving the RMHA and its members. I believe that our current board has done a good job being financially responsible and we work well together. While nothing can ever be perfect, I do believe each individual on the board has a strong love for the horse and a willingness to serve the RMHA and it's members. As a Member at Large, my position is to represent the membership, so I always invite anyone who may have any ideas, questions, or concerns to please not hesitate to contact me. You can contact me at 304-360-8902 or my email is [jasonslone83@yahoo.com](mailto:jasonslone83@yahoo.com). Thank you for your consideration.
