

Theah C. Hall

I'm currently running for your consideration for a Member at Large position.

I have been a RMHA member since 2010. Currently owner of Hatchers Creek Ranch, selling, showing and breeding RMHA horses - I have an accounting degree and have been working in a corporate environment for 20 years. - I have owned multiple professional companies over the years - I have been working as an executive at large fortune 500 companies managing large operations of these businesses for over 15 years. In these roles, I am responsible for running meetings, driving efficiencies in our processes and reducing business operation costs. I have to work with multiple groups within these organizations to drive results (Sales, Marketing, Customers etc..). I feel that I can leverage this business experience coupled with my passion of the horse to the organization to help continue to advance the organization to reach their short and long term strategic goals.

Lastly, I have been passionate about horses my entire life. Growing up on a 30 acre farm in Massachusetts, I started riding at a very young age. My mother provided riding lessons and held horse shows at our farm. I can only remember riding, feeding, watering, and working in the barn for my entire childhood. I have ridden so many breeds of horse and I just can't even imagine not owning and riding a Rocky. They are truly a gift and privilege to own. I believe they are the most docile, adaptable, easy going, most loving, easy to handle, smooth four beat gait. I only wish to all horse owners and riders that they have the opportunity to enjoy, ride, own and love a Rocky. I only wish we could promote and continue to expand the breed, grow our sales and expand the breed beyond local owners and markets. I believe the RM horse could truly be a horse for any occasion for all riders.

Thank you for your consideration.
