NOTE: The pre-entry system used by this show wasn't conducive to our RMHA needs, but I was able to speak with the majority of the small # of exhibitors we had. Gloria Mendoza had simply listed her horse listed as "Sunshine" I've not been able to confirm her rider # or her horse's actual registration, however, Julie Tucker confirmed that Gloria showed this horse at the International last year.(I did a search on the database and filled in what I assume to be her horse. Can you please double check? The horses that placed in the other classes, listed as not eligible, were certified Rockies, but their riders were not members of the RMHA and we were unable to get them to join. The owner of the horses acknowledges his oversight and knows that they are deleted from the list.
